Kbal Spean & Banteay Srei (Full Day Tour with Lunch)

After meeting our tour guide, then we transfer to visit **Kbal Spean**, about 49km from Siem Reap Town and it is literally means "The head of the River." It is one of the rivers in 1000 Lingas that made up of unique Lingas. Lingas stands into the riverbed of the Siem Reap River. It was believed that the Lingas spiritually "fertilized" the waters that fed the Eastern bay and irrigated the rice fields.

We head further out through rural countryside to the small but beautiful temple of **Banteay Srei**. This temple is largely built of pink sandstone, a harder rock that can be more elaborately carved and better survives the rigors of time. This is an opportunity to capture some good photographs of the clear and detailed carvings. Not be missed is **Banteay Samre**: Its rose-colored sandstone walls are decorated with carvings and bas-reliefs, which are among the most accomplished Angkor has to offer.
